SUMMARY

Product and UX designer with 6 years of UX/UI experience (4+ full-time, plus paid internships), including 2 years as lead designer of a product pod. I design complex enterprise platforms and consumer journeys, from research and flows to prototypes and design systems, with a focus on AI transparency and trust. I partner with product, engineering, and business teams on large programs and use AI tools (Claude, Claude Code, Gemini, ChatGPT) for prototyping and research.

CORE SKILLS

Design: user flows, journey mapping, wireframes, mockups, interactive prototypes, design systems, brand identity, WCAG AA/AAA

AI: responsible AI, AI transparency, human-in-the-loop controls and feedback; Claude, Claude Code, Gemini, ChatGPT

Complex products: access request and approval flows, data-dense analytics interfaces, enterprise platforms, consumer journeys

Collaboration: product and engineering partnership, leading workstreams, usability evaluation, research synthesis

Tools: Figma (advanced), FigJam, Material Design, Adobe Creative Suite, Jira, Azure DevOps

EXPERIENCE

UX/UI Design Consultant | Deloitte USI

Jun 2026 – Present

CLIENT **Deloitte Internal**

- Built access request and approval flows from scratch, designing for edge cases to streamline onboarding and access.
- Championed responsible AI: designed AI transparency into the UX and found where AI can ease user flows.
- Designed end-to-end flows for data-dense analytics modules with product, engineering, and business partners.
- Led a heuristic audit of one flow (5 sections): 70+ issue groups, converted into prioritized backlog stories.
- Created reusable components and standardized design tokens across the design system.

UX/UI Design Analyst | Deloitte USI

Aug 2022 – Jun 2026

CLIENTS **Charter Communications · Marriott · Chick-fil-A · Google · World Economic Forum · Centura Health · Deloitte Internal**

- Led design for one of six pods on an internal enterprise platform, owning that product area for 2 years.
- Designed how interconnected system data is structured, interpreted, and acted on across multiple user roles.
- Built human-in-the-loop and feedback patterns into product flows to keep users in control and confident.
- Designed 3 RFP concepts for B2B portals, turning a complex off-the-shelf platform into simple, client-branded dashboards.
- Designed an end-to-end consumer journey across four sprints, from onboarding and search to bookings and cancellations.
- Led insight-driven discovery and multi-stakeholder flows for large-scale platforms; led enterprise rebrands with UX architecture.
- Built scalable design systems; designed to WCAG AA or AAA per client. Delivered multi-release work ahead of timelines.
- Cut research effort ~30% by introducing an Async Discovery model; shaped sprint structure and iteration cycles.

Design Consultant | Chilli Pepper Kitchens

Mar 2021 – Present

- Led creation of the first three brands: identities, packaging, and guidelines; partnered with founders on launches.
- Supported new brand launches and a growing multi-brand architecture, aligning design with market positioning.

UX/UI Co-op | Procter & Gamble

Nov 2021 – Apr 2022

- Redesigned PGShop.in; research insights led to a packaging innovation and a talent outreach program.

UX/UI Intern | Angel One

May 2021 – Jul 2021

- Researched user behaviour, designed wireframes and UI concepts; contributed to the Angel Broking to Angel One digital rebrand.

Medical Device UX Intern | Terumo Penpol, SCTIMST

2019 – 2020

- Ran observational usability and ergonomic studies on medical devices; designed an improved stance control orthosis.

Earlier internships

2019 – 2020

- Es Magico Tech Studio, WITTEVEEN+BOS: visual, brand, and community experience design.

EDUCATION

College Diploma, Product Design | Indian School of Design & Innovation – Parsons School of Design | 2018–2022
Short-term exchange: HKU University of the Arts Utrecht, 2020

BA, Sociology | University of Mumbai | 2018–2021

MENTORING, RECOGNITION, COMMUNITY AND INTERESTS

- **Mentoring:** onboarded junior designers and ran KT sessions at Deloitte USI; portfolio reviews and a guest talk at ISDI.
- **Recognition:** Deloitte Shoutout (2024), Spot (2024), Applause (2025, twice); Runners-up, Untold 3.0 by L&T Infotech.
- **Volunteering:** Deloitte Impact Day (inclusive art books for children with disabilities); Y-Ultimate (Tech-for-Good app).
- **Conferences:** Design Up (2025); Apple Developer Conference (2023).
- **Languages:** English, Malayalam (native); Hindi (professional); French (beginner).
- **Interests:** painting, crafting, baking, climbing, water sports, board games, fantasy books, travel, new cuisines, learning languages
